

Expand **Mental Health Access** While Training the **Next Generation** of Providers

Give an Hour **partners with universities** to integrate graduate students into **supervised, real-world mental health service delivery**, expanding access to care while building the future workforce.

1

UNIVERSITY PROGRAM

Graduate Students + clinical supervisors

2

GIVE AN HOUR INFRASTRUCTURE

Referral pipeline + training + support

3

COMMUNITY IMPACT

Pro bono care for individuals navigating trauma

For Universities

- Real-world clinical experience
- Exposure to trauma-informed, community-based care
- Pipeline for post-graduate engagement

For Students

- Hands-on experience with clients
- Introduction to pro bono and community care models
- Monthly peer support meeting for support & connection

For Communities

- Increased access to mental health services
- Faster navigation to care
- Support for high-need populations

Currently Implemented with University Clinical Training Programs.
